MEMORANDUM FOR: Planning Officers

SUBJECT : Critique of the MBO Process

1. We have had a couple of suggestions that it might be beneficial if we met to discuss our experiences with MBO this year and what we might do to improve the process as well as simplify the mechanics. Rather than structure a formal agenda, it might be more productive if each of you would be prepared to give a short (5 minute) presentation about the MBO process as it has affected your Office and offer whatever suggestions you may have for change. For example, some Offices have proposed changes in the status report format for the Management Conferences which might be useful to others.

2. If it is agreeable we will meet in the DD/M&S Conference Room (7D-32) at 11:00 AM, 5 April.
